

In cooperation with the  
State Department of Health

## HENRICO COUNTY HEALTH DEPARTMENT

8600 DIXON POWERS DRIVE  
P.O. BOX 27032  
RICHMOND, VIRGINIA 23273

Responding to applications for onsite sewage disposal systems is an important part of our mission to protect the public health and serve the citizens of Henrico County.

To comply with the Code of Virginia and Virginia Department of Health regulations all applications will be evaluated for the issuance of a certification letter unless the applicant is:

- requesting a sewage disposal system construction permit to repair an existing system; or,
- requesting a sewage disposal system construction permit concurrent with a building permit application for the structure to be served.

A certification letter guarantees that a sewage disposal system construction permit shall be issued in the future unless there is a substantial physical change in the soil or site conditions where the onsite sewage disposal system is to be located. The certification letter will identify the design capacity (e.g., number of bedrooms) and the boundaries of the approved sewage disposal system area (and well site where applicable). The certification letter has no expiration date, is transferable to subsequent owner(s), and, if redeemed within 18 months for a construction permit, there will be no additional application fees.

A construction permit authorizes the installation of a specific design and location, expires 18 months after issuance, and is not transferable to subsequent owner(s). **If you are eligible to receive a construction permit**, please submit information verifying that you intend to repair an existing system or, have submitted a building permit application for the structure to be served.

The current application processing fees for onsite wells or sewage disposal systems are:

- |   |          |
|---|----------|
| • Sewage disposal system and private well   | \$240.00 |
| • Sewage disposal system only               | \$162.50 |
| • Private well only                         | \$77.50  |
| • Repair of existing sewage disposal system | no fee   |
| • Abandonment of existing private well      | no fee   |

Please submit a check payable to: County of Henrico

**Commonwealth of Virginia**  
**Application for a Sewage Disposal and/or Water Supply Permit**
